Bulletin #2011-005 15 – June - 2011

Subject:
Seat changes

Overview:
Effective immediately, add the following sections to Article 5.4:

x. Seats must be intended by their manufacturer to be for competition use.

Rationale: Competition cars need competition seats.

y. Molded polyethylene (plastic) seats are not allowed.

Rationale: Polyethylene seats have not been demonstrated to be safe for use in stage rally.

Questions regarding this bulletin received by RallyCar from licensed Drivers and Co-Drivers will be answered in writing.
